Three Day Exploratory trip to Chateau, France

We are very pleased to offer our clients the opportunity to enjoy a mixed sporting break in the beautiful, unspoiled Burgundy region of France, including three nights in a fabulous Chateau and a day of driven Partridge/Pheasant followed by a day of driven boar.

Example Itinerary based on 8 guns.

Day 1

Arrive at the Chateau late afternoon, relax and refresh yourselves before enjoying a fantastic meal in the Chateau's beautiful dining room.

Day 2

150-200 Bird Driven day.

There will be a mixture of partridge and pheasant drives from both maize cover crops and mature woodland drives. The emphasis here is on a really fun and sporting day; the shoot cannot be compared to the very best in the UK, though the drives should produce a variety of exciting birds to suit most shots. This is also one of the few shoots in France where the shoot is managed in the traditional English style by English keepers, though clearly run with boat loads of Gaelic charm

There's also the option to shoot duck or walk-up snipe in order to offer further variety to the day.

Overnight in the Chateau!

Day 3

Driven Boar Shooting.

There will normally be 2-3 boar drives during the day with each rifle having the opportunity to shoot four boar per head with a maximum of two per drive, before any overages will apply.

The boar hunting ground is primarily an enclosed woodland block in excess of 500 acres each, and the drives vary from shooting from towers in more open fields to snap shooting as they cross small woodland rides.

Overnight in Chateau.

Day 4

Depart the Chateau after a leisurely breakfast.

The Chateau is located near the village of Poil a 40 minute TGV ride north of Lyon airport or two hour drive by hire car. It has been tastefully restored to its former glory, with a contemporary and relaxed feel to it.

All the bedrooms are extremely comfortable and most are en-suite.

Your hosts are extremely hospitable and will go to great lengths to ensure that all members of the party are made to feel very welcome indeed, and for those that appreciate quality wines, The owners of the Chateau has a fabulous cellar drawing on his experience as a national wine judge.

Price per gun (based on 8 guns)

Two days boar, three nights €3225

Two days birds, three nights €2580

One day boar, one day birds, three nights €3010
